July 1, 2016

Vice Chancellor of Research and Economic Development

**Re-Delegation of Authority—Approval of Exceptions to Approved Indirect Cost Rates**

In a letter, dated March 10, 2016 (DA2254/2592), the University of California Executive Vice President and Chief Financial Officer delegated to each Chancellor the authority to approve the application of an indirect cost rate other than the “approved indirect cost rate” in the submission and acceptance of extramural contracts and grants. The “approved indirect cost rate” is determined in accordance with 2 CFR 200. This rate is reflected in the campus rate agreement or in another UCOP-established rate. This authority is not applicable to federal funding that is received directly or indirectly.

For State of California funding, this authority is granted only for indirect cost rates above a threshold established by the Office of the President. It applies to only those funds not covered by 2 CFR 200.

In accordance with the conditions and restrictions specified in that letter, I hereby re-delegate the aforementioned authority to the Vice Chancellor of Research and Economic Development. Additionally, any such application of an indirect cost rate other than that approved shall be in accordance with existing UCOP policies, practices, and guidance.

This delegation supersedes all previous delegations on the subject. Any re-delegation of this authority must be in writing.

Sincerely,

Kim A. Wilcox
Chancellor
